DEGREASERS

TEQUIL DESTAR		Alkaline degreaser with high cleaning power (ideal for cleaning oil residues, bitartrates in the wine industry, etc.)
TEQUIL SUPERGRAS	 	Alkaline degreaser with high cleaning power for floors, surfaces, etc....
TEQUIL 20		Strong alkaline degreaser.
TEQUIL 15		Strong alkaline degreaser.
TEQUIL LC		Alkaline cleaner for surfaces, transport vehicles,...
TEQUIL ALUMINOX		Alkaline cleaner specially designed for cleaning aluminium surfaces (industrial vehicles, car bodies, trailers, etc..)
TEQUIL LAC ACIDO		Acidic cleaner for the removal of limescale.

DETERGENTS

ALCA CIP	 	Non-foaming, strong alkaline detergent specially designed for CIP systems.
ALCA CIP N	 	Non-foaming alkaline detergent specially designed for CIP systems.
ALCA FOAM	 	Strong alkaline detergent that forms persistent foam.
ALCA FOAM N	 	Alkaline detergent that forms persistent foam.
ACID CIP	 	Acid detergent that does not attack stainless steel and does not foam.
ACID FOAM	 	Acid detergent that does not attack stainless steel and forms persistent foam.
ENZI PRE		Trienzymatic detergent for pre-cleaning stages.
ENZI CIP		Non-foaming enzymatic detergent for cleaning and prevention of biofilm formation in CIP systems.
ENZI FOAM		Foaming dienzymatic detergent for cleaning and prevention of biofilm formation.

PRODUCTS FOR THE FOOD INDUSTRY

DISINFECTANTS

QUAT FOAM	HA	Concentrated disinfectant based on quaternary ammoniums, foaming agent. (Bactericide/Fungicide/Virucide)
DESSOL BACTER	HA	Concentrated disinfectant based on foaming amines.
OXA-MOUSSE CLOR	HA	Concentrated chlorinated foaming disinfectant.
DALCAL	HA	Concentrated non-foaming chlorinated disinfectant.
OXIBAC 5	HA	Concentrated non-foaming peracetic based disinfectant (Bactericide/fungicide)
SANOSIL S010	HA	Ready-to-use disinfectant based on non-foaming silver peroxide.
AQUAZIX PLUS AG	HA	Concentrated disinfectant based on non-foaming silver peroxide.
BIHOGOM SANIBAC	HA	Concentrated alcohol-based disinfectant (virucidal).
AIR DYBAC TP (in spray)	HA	Airborne disinfectant (total discharge).
TEMAN ALGA SP		Bactericidal algacide for cooling towers.

DEGREASERS FOR CLEANING MACHINES

KENBI ECOLIMP ODOR	 	pH-neutral, intensely scented, controlled-foam eco-cleaner for automatic cleaning machines.
KENBI ECOLIMP NEUTRO	 	Aroma-free, pH-neutral, controlled-foam eco-cleaner for automatic cleaning machines
TEQUIL ULTRABAR		Odourless alkaline degreaser with controlled foam for automatic cleaning machines.

DRAIN CLEANERS

TEQUIL FLU (professional use)		Sulphuric-based acid drain cleaner to remove blockages caused by paper, cardboard, cellulose, etc.,....
TEQUIL DRAIN	 	Alkaline drain cleaner to remove blockages caused by grease, hair, etc.,...

LUBRICANTS AND GREASES

TEMAN ECOFRIZ (available in 360° aerosol and in bulk)		Vegetable oil based loosener (available in 360° aerosol and bulk).
TEMAN PTFE 150 (in spray)		High temperature and pressure resistant Teflon based aerosol lubricant for low speed. Optimum working temperature from -10°C to 150°C.
TEMAN WHITE (in spray)		Aerosol lubricant with good tacking, resistant to water, vapours, acids,.. Optimum working temperature from -20°C to 160°C.
TEMAN LUBRIK WHITE (available in bulk and in cartridge)		White vegetable grease resistant to water and salt solutions. Optimum working temperature from -20°C to 160°C.

TREATMENT OF PITS AND SEWAGE SYSTEMS

KENBI FAT (in liquid form)		Biological shock treatment to eliminate clogging caused by grease in sewage pipes and pits.
KENBI GRASOLID (in powder form)		Biological treatment to prevent clogging caused by animal and vegetable fats (proteins, starch and cellulose) in sewage pipes and pits.
KENBI SEPTICSOLID (in solid form)		Biological treatment to prevent clogging caused by organic matter present in urban waste water in septic tanks.

ODOUR CONTROL

BIOTEMAN LOW ODOR		Enzymatic bio-deodoriser that eliminates unpleasant odours in drains and sewage pipes.
KENBI SMELL OFF		Enzymatic and micro-organism-based, odourless bio-deodoriser that eliminates unpleasant odours.
NANODOR NEUTRO SUPER		High discharge deodoriser that immediately and persistently blocks and eliminates unpleasant odours.

PRODUCTS FOR THE FOOD INDUSTRY

INSECTICIDES RAT POISON

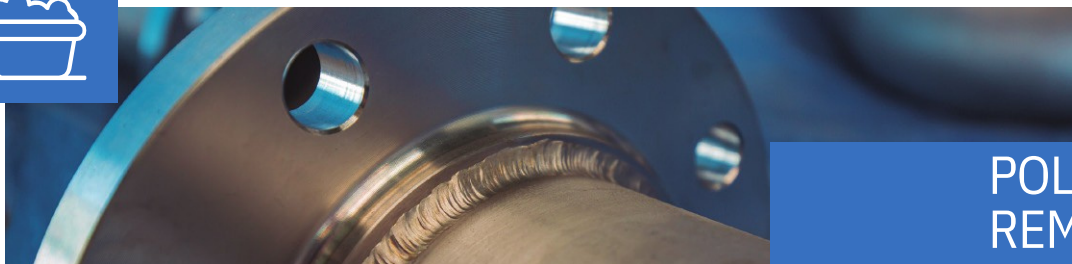

TEQUIL INSECT VR	HA	Ready-to-use, fast-acting insecticide for flying and crawling insects.
TEQUIL INSECT RSD	HA	Ready-to-use insecticide with residual effect for flying and crawling insects.
MASSOCIDE CIPER 100	HA	Cypermethrin-based insecticide to be diluted in water. (1-3%).
HELITRÍN (in spray)	HA	Airborne insecticide total discharge for application in places that are difficult to access (false ceilings, storerooms, gymnasiums, etc.).
INSECTIBYS AVISPAS (in spray)	HA	Immediate and residual insecticide against wasp nests.
TEQUIL AVISPAS PLUS	HA	Liquid attractant for wasp traps.
WARIN ´S BLOQUE 3.0 BD	HA	A highly palatable red block rat poison for all types of rodents.
WARIN ´S GRANO 3.0 BD	HA	Bagged rat poison based on whole wheat impregnated with bromalidone 0.005% red.

AEROSOL COATINGS

TEMAN ZINC	Cold galvanised.
TEMAN ZINC BRILLO	Cold bright galvanised.
TEMAN INOX	Corrosion-resistant stainless steel metal coating.

PRODUCTS FOR THE FOOD INDUSTRY

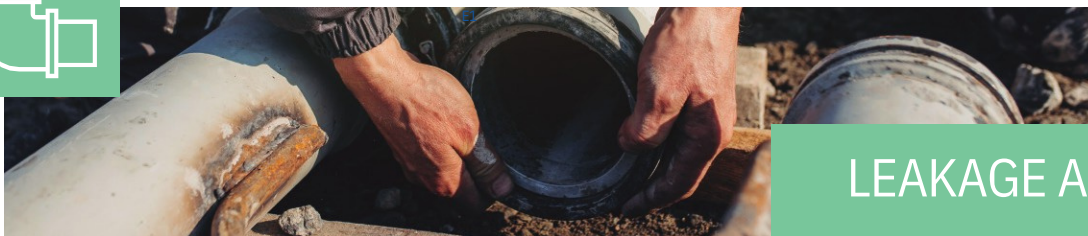

POLISHERS - RUST REMOVERS

TEQUIL DECAINOX		Acid cleaner that polishes and deoxidises stainless steel and restores its appearance.
TEQUIL DECAINOX ACTIVE		Acid degreaser for stainless steel, copper and alloys that deeply deoxidises stainless steel. It also removes rust.
TEMAN OXID		Degreases and deoxidises all types of materials.

HAND WASH - PERSONAL HYGIENE

TEMAN DERMOGEL NEUTRO		Odourless, pH-neutral hand wash liquid soap.
KENBI WINE		NSF registered hand washing liquid soap.
HYDROALCOHOLIC GEL I-205		Evaporable hydroalcoholic antiseptic hand gel.
HGN-70		Evaporable hydroalcoholic cosmetic hand gel.

LEAKAGE AND SPILLAGE

PIPERAPID		Bandage for repairing leaks in pipes. (various sizes S, M, L).
TEMAN ASP		Inorganic absorbent for all types of spills.
KENBI SORB		Organic peat of natural origin for the collection of oils and solvents. (Does not leach, does not absorb water,...).
TEMAN AQUASORB		Super absorbent of all types of aqueous fluids (water, polyelectrolytes residues,...).

WATER PUMPS AND WATER CIRCUITS

TEMAN DEPUPOL S		Organic polyelectrolytes that promotes coagulation of suspended solids.
TEMAN FOAM DEP		Antifoam for water pumps.
ANTI-FOAM		Antifoam based on modified siloxanes suitable for the food industry.
TEMAN OXICAL		Additive to prevent corrosion and limescale deposits in water circuits.
TEQUIL AM		Acidic cleaner that removes rust and limescale deposits in boiler circuits and cooling towers.
TEQUIL SERPENCLEAN		Alkaline cleaner for coil cleaning.
TEMAN COOL		Propylene glycol based antifreeze for open and closed circuits.

FLOOR PAINTS

TEPAINT 300 ANTIACIDA	Two-component solvent-based epoxy paint with a high content of solids and excellent chemical resistance.
TEPAINT 300 IMPRIMACIÓN	Two-component anti-acid epoxy transparent primer, without mineral charges.
TEPAINT AQUAPOX	Two-component epoxy water paint for interior surfaces with good chemical and mechanical resistance.
TEPAINT BAR TRANSPARENTE / BAR COLOR	Painting based on methacrylate resins that provides hardness and elasticity to the floors.
TEPAINT AR S	Mixture of special acids for application on coatings to reduce the risk of slipping.
TEPAINT AS	Water-based acrylic paint for floors and walls.

INTEMAN
Laboratorios

About us

Inteman Laboratories is a leading company in research, design, production and distribution of ecological, biotechnological and chemical products, founded in 1980.

INTEMAN contributes to environmental sustainability by designing environmentally friendly, effective and safe general cleaning and industrial maintenance products.

- We contribute to environmental sustainability; we minimise environmental impact.
- We contribute to the reduction of negative impacts on human health; we reduce the use of corrosive and harmful products.
- We contribute to the acquisition of innovative, effective and safe products; eco-labelled, food-registered, hypoallergenic.

OUR PRODUCT LINES

TEMAN: Products for industrial maintenance (lubricants, greases, hand soaps,...)

KORTEMAN: Cutting fluids and coolants (nitrite-free and vegetable oil based)

TECONS: Additives, waterproofing, construction products. **TEQUIL;** Cleaners, degreasers, disinfectants, decalcifiers...

TEPAINT: Surface coatings (water-based, solvent-based, solvent-borne...)

BIOTEMAN: Biological cleaning products, degreasing agents, absorbents,...

KENBI: Biotechnological products for cleaning, sewage treatment and grease traps,...

NANODOR: Air fresheners and deodorisers.
